- Devise the test strategy for SDMC's product lines – including the test methodology, tools and equipment.
- Execute the test strategy.
- Isolate, reproduce and log problems.

Desirable Skills and Experience:

- Bachelor's degree in Computer Science or Electrical Engineering, or British Columbia Institute of Technology graduate, or equivalent.
- Minimum 1 year in a testing role (test plans, procedures, documenting results, logging PRs) – either full-time, part-time or co-op.
- Experience with automated testing tools.
- Team leadership or demonstrated potential.
- Experience with Social Networks (orkut, MySpace, Facebook, etc).

Personal Attributes:

- Strong commitment and pride related to product quality.
- Self motivated and able to learn quickly.
- Strong written & oral communication skills.
- Meticulous attention to detail.
- Must be flexible and able to multi-task many activities in parallel.
- Must have good interpersonal skills, including: Teamwork, Respect, Courtesy, Tact and Discretion.
- Good sense of humour and desire to have fun at work.

Across the spectrum of social networking software Scrapboy Digital Media Corporation (www.scrapboy.com) stands above the rest, and so can you! We offer competitive salaries, generous stock options, comprehensive benefits, and an innovative, team-oriented environment.
